KCTC Decisions

- Counselors receive KCTC decisions at the beginning of April. RHS will inform students of their status and follow up as necessary.
- Enrollment Confirmation and Information will be emailed by KCTC near the end of April. An additional KCTC email will be sent in the summer regarding KCTC orientation information.
- Late Enrollment. Enrollment reopens in May for programs that have not filled. Be sure to look for this information during that time. You may still get into a program at this time. There is also a lot of movement and adds/drops throughout the summer, so spots do occasionally open if you're on a waitlist. Please let your counselor know if you'd like to drop KCTC or be removed from a waitlist
